FLOOR PLAN

SCALE

HIS model Bungalow is now under construction, and will contain, when completed, five large rooms and bath, living room with sun parlor effect, permitting an abundance of light, air and sunshine, as shown from the floor plan above.

The entire Home will be elegantly furnished in every detail with every modern convenience and comfort peculiar to the use of each and every room.

Study the floor plan carefully; and the convenient arrangement of the rooms, their size and the ease with which each lends itself to arrangement of furniture and decoration will delight you.

Eighty electrical outlets will be conveniently placed throughout, and the lighting equipment of each room will harmonize in design and style with the other interior decorations, furnishings and drapings.

*Delightful and instructive will be your visit to the
NILES CENTER ELECTRICAL HOME*
*"The Home Ideal
With Comforts Real."*

The Niles Center Electrical Home will be equipped with about thirty Electrical Appliances and adequate convenience outlets essential for the efficient use of these electrical appliances.

In the quest for happiness, there is little choice between a mansion and a cottage if both be completely equipped with modern home conveniences.

Your happiness depends largely upon your comfort, and you measure the comfort of your home by its convenience. In these days, convenience in the home is in a large measure a matter of electrical service and the installation of electrical appliances which make the performance of household duties a delight and a pleasure.

The Niles Center Electrical Home is being erected by Mr. George E. Brannan, City Attorney for Niles Center, solely for the purpose of placing before the lot owners of Niles Center a MODEL HOME which they may visit and inspect, completely furnished in every detail.

Mr. Brannan is erecting a Home such as will appeal to families of moderate income and at the same time contain all the conveniences and comforts of an expensive residence.

Should prospective home builders be helped in any way by suggestions and ideas received during their visit to this MODEL HOME, Mr. Brannan will feel that the effort, time and money expended in this work has been well worth while.
